### PARENT

- I understand that the Internet can provide students with valuable learning experiences.
- I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that can be illegal, dangerous or offensive.
- I accept that, while teachers will always exercise their duty of care; protection against exposure to harmful information should depend finally upon responsible use by students.
- I understand that students breaking those rules will be subject to appropriate action by the school. This may include loss of access privileges to all information technology resources, detentions or suspensions, depending on the nature of the incident.

I believe (Name of Student) \_\_\_\_\_ of (Class) \_\_\_\_\_ understands this responsibility, and I hereby give my permission for him/her to access the Internet/ Intranet and other information technology equipment under the school rules.
